Allowable Subject Matter

Claims 1-6, 12-17, 19, 21-25, 27, and 30 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding independent claims 1 and 30, the prior art, as best exemplified by US 6,219,470 to Tu, taken individually or in combination, fails to disclose or render obvious hollow core waveguides formed in a substrate. Furthermore, it appears to examiner, that the inclusion of hollow core waveguides in the substrate of the Tu reference would render the device of Tu inoperable.

Claims 2-6, 12-17, 19, 21-25, and 27 are allowed due to dependence from claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to JERRY BLEVINS whose telephone number is (571)272-8581. The examiner can normally be reached on Monday through Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Frank G. Font can be reached on 571-272-2415. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
